

HOUSING AND URBAN DEVELOPMENT DEPARTMENT
GOVT. OF ODISHA

EXPRESSION OF INTEREST (EOI)

For

Selection of SHGs for Participation in WaterBodies
rejuvenation under NAC Kesinga

RAM BANDHA, BORINGPADAR, WARD NO-08

EOI No. 3278 (B) / Date: 04/12/2024 /

**NOTIFIED AREA COUNCIL, KESINGA
AT/PO-KESINGA, PIN-766012, DIST-KALAHANDI**

1. Background

Tanks and water bodies are important for surface water storage. The existing ponds and tanks available in the Urban Local Bodies have been silted over the years and thereby make the water bodies less functional for recharge. Under this restoration project, the water bodies will be de-silted, inlet and outlet will be cleaned from obstruction and the bunds will be strengthened. A recharge well or shaft within water bodies may be taken up wherever necessary depending upon the geological nature of terrain.

Apart from available rainwater and reuse of treated wastewater, water bodies (lakes, ponds) especially in urban areas have enormous value in terms of resource provision (for drinking or irrigation), regulating services (climate mediation, flood and drought management) and cultural service (religious, historic value). However, these lakes and ponds are extremely sensitive to environmental stress caused by anthropogenic activities in the basin or catchment, which reduces the natural capacity of the water body to restore itself and results in its deterioration.

The Benefits of rejuvenating the Water bodies

- Comprehensive improvement and restoration of water bodies thereby increasing tank storage capacity.
- Groundwater recharge.
- Increased availability of drinking water.
- Improvement in catchment areas of tank commands.
- Environmental benefits through improved water use efficiency by promotion of conjunctive use of surface and groundwater.
- Community participation and self-supporting system for sustainable management for each water body.
- Capacity building of communities, in better water management.
- Development of tourism, cultural activities etc.

2. Govt. of Odisha directed to take the Rejuvenation of Water bodies in urban area and the Water bodies work will be executed through SHG basing on Amrut Guidelines. Hence an Expression of Interest has been invited for selection of SHG to execute the water bodies.

(i) The last date of submission of EoI is on 18/12/2024 at 5.00 P.M. & the technical bid will opened on 19/12/2024 at 11.00 A.M. in the Conference Hall of NAC Kesinga.
